Co-educational, private schooling that offers each child quality, individual attention with small classes in a peaceful and nurturing environment.

- English medium
- Grades 00 – 7
- Playgroup
- Aftercare
- Small classes
- Secure rural setting

### **Educational Principles:**

- Small classes where each child has quality time with their teacher, receiving a focused, stimulating and exciting education.
- A broader education designed to not only expose the children to life skills, but to engender independence and lateral thinking.
- Instill and ingrain an appreciative awareness of our sensitive ecology.
- To develop life skills through practical hands-on and “real-life” experiences.
- Our children will understand and respect the necessity to maintain harmony between ourselves, our environment, its natural resources and our fellow beings.

### **Our Mission includes:**

- A balanced way of teaching in which academic, artistic and physical education subjects are taught in a manner that encourages integration between social and emotional development.
- We strive to develop an excellent relationship between pupils, teachers, parents and the community. We encourage freedom of discussion and a healthy respect for opposing points of view.
- We consider politeness, courtesy, honesty, respect, self-confidence and integrity to be core values, incorporated in every school activity.
- Preparing children socially and emotionally for their future with a broader understanding and respect for society and its diversity, thus enabling them to enter adulthood with confidence and vision.
